<input type="checkbox"/> Greg Farrell	

Others Present: Mayor Handlon, Brian Binzer, Mark Frey, Fred Hawkins, Jeff Brumlow, Chief Rigney, Chief Love, John Haggard

Agenda Items:

- 1. Vehicle Purchase for Environmental Services – Fred Hawkins** Council reviewed a request for a vehicle needed for the Environmental Services Department. Mr. Hawkins stated that the State Bid List had Ford Explorers as well as the Toyota RAV4s available. The Toyota is approximately \$9,000 less than the Ford and will be more fuel efficient. Council will consider during Monday's meeting.
- 2. Water Reclamation System for Waste Water Treatment Plant – Fred Hawkins** – Mr. Hawkins explained how the Waste Water Treatment Plant uses over \$60,000 in water annually. This clean water is purchased and used in the sludge press and for cleaning sewer lines and pump stations. This Self Primer Water Reuse Package system will reduce fresh water purchases for the WWTP by reusing cleaned water instead of discharging and purchasing new. This new equipment was on the capital plan for purchase in 2021, but with the approximate savings of \$35,000 annually, Mr. Hawkins feels that this purchase is important enough to move to this year's capital plan. The cost of this new reclamation system will be \$49,976.83 and Council will consider the purchase during the next Council Meeting.
- 3. Easement Request for Electric Vehicle Charging Station – Fred Hawkins** – Council reviewed a requested easement from Alabama Power for an electric vehicle charging station located at Walmart in the Colonial Promenade. This easement approval will be considered during Monday's Council Meeting.
